Here's a moment in the day when your foot touches the door step and your key turns the lock. Your sigh is poised for release. Then, you are home at Casa Rosa. Met by elegant hallways and warm natural light. Invited to relax with a cold drink or inspired to stir up some excitement in your gleaming new kitchen. At other times, you are welcomed by a spacious great room, perfect for get-togethers, or embraced by a patio garden where breakfast and the Sunday news are mixed with the scent of flowers and the touch of the sun.
